

Enjoy an Independent Flexible Career

Health Dimensions Rehabilitation (HDR) has been providing Physical, Occupational and Speech Therapy services as a Medicare Certified Rehab Agency since 1987. HDR provides services in pediatric and adult outpatient clinics, hospitals, nursing homes, schools, and in home settings. Our focus is on establishing new outpatient clinics in partnership with physical therapists. Our model allows therapists to own a substantial portion of their clinic or network of clinics without risk of financial loss. We are entirely flexible and able to structure our relationships to fit the needs of every therapist partner.

Define your career to fit your goals

Are you interested in building your own practice?

Are you tired of being limited to a salary while your employer benefits from your reputation and the relationships you have created?

We are looking for physical therapists who are established in their practice and their community who are interested in starting their own clinic and growing their practice.

Call us if you want to become your own boss and share in the profits you create.
